**IMPIANTI & LAY-OUTS**

La chiarezza dell'impianto è un fattore chiave per la rotazione del banco lampadine. Velamp, forte della sua cultura espositiva, propone lay-out "chiavi in mano" che guidano il cliente nella ricerca del prodotto giusto. Questo per garantirvi rotazioni altissime e bassi resi.

A clear and organized lay-out is a key factor for the rotation of the lamp shelf. Velamp, thanks to its lay out culture, offers to its customers ready to sell layouts that guide the customer in finding the right product. This is a guarantee of high rotations and low returns.

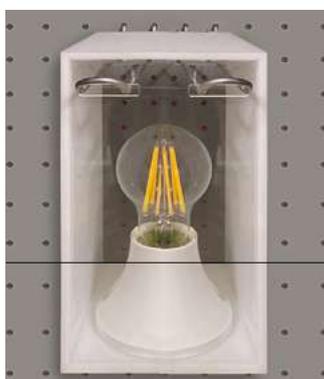

## DEMOLIGHT

Il colore della luce è una questione di gusti ma sbagliare colore significa restituire il prodotto perché non si può convivere con una luce che non piace. La DEMOLIGHT consente di esporre dal vivo una lampadina accesa così da mostrare al cliente l'effetto reale della sorgente luminosa che sta per scegliere.

*The color of the light is a matter of taste but making a mistake means returning the product because you cannot live with a light that you do not like. The DEMOLIGHT allows you to display a connected light bulb live so that the customer can see the real effect of the light bulb he is about to choose.*

COD.	Dimensioni
DEMOLIGHT	10 x 12 x 20 (h) cm

## CRAVATTA

*Light bulbs are like batteries: high turnover and high margins. Purchase opportunities must also be multiplied in cross selling. CRAVATTA is a simple and inexpensive solution that can be easily hung on shelves.*
